Jars should be filled to the rim, which is above the shoulder, and immediately below the screw threads of the neck. (Honey which is deemed unsuitable for sale will not be accepted at the Show. Liquid honey will be graded according to the National Honey Show Rules. Glasses will be used. Extracted honey will be exhibited in clear 1 lb squat jars, with standard lacquered commercial screw tops, both of the British Standard Pattern.

The bottom of the show label must be placed within half an inch of the base of the jar. On Section and Shallow Frames, the label must be placed at the top right-hand corner of the vertical transparent face of the case and the duplicate on the horizontal bar of the frame. If a Show Case is used for wax, one label is to be affixed on the glass and the duplicate on the uppermost surface of the wax.
